We are assured that the facts transpired substantially as narrated.

"A Methodist clergyman who loss been labor ing in this vicinity, was not long since, preaching to his people on the miraenhas power of the Apostles over the demoniae spirits of their day. As he was pursuing his theme, the ardience were suddenly startled by a voice from some one in the congregation, demanding in a half querutons, half authoritative tone, 'Why don't preachers do such things now-a-days?' In an instant, every eye in the house was turned upon the in. dividual who had the effrontery thus to invade the sacredness of the sanctuary.

"The speaker pansed for a moment, and fixed his penetrating gaze full upon the face of the questioner. OULD res setfaily inform the citizens of Boyle and the adjoining counties, hat they are now prepared to put up Chain Pumps in Wells or Cisterns, from 8 to 35 feet eep, and will warrant them to work well, and give entire anti-faction. They will work well, even to the depth of 40 feet, in most wells. Among the many advantages these Pumps have over all others, is, that they are not subject to freezing, and work as free in the coldest as in the hottest weether. The Chain Pump is simple in its construction, and not liable to get
